

**ROUND 2 QUICK QUOTES**  
**August 2, 2025**

**MATTI SCHMID (-6)**

**Q. Matti, so quite the experience with the start and stop and being on the bubble. What does it mean to make the cut and give yourself a chance at Playoffs?**

**MATTI SCHMID:** Definitely a huge finish for me. I had a tough start to the second round I thought when not much was going my way, but I hung in there. I think I had a good attitude, a good mental attitude and the birdies came my way towards the end there and yeah, I played nicely even this morning.

**Q. How did you spend the evening I guess last night from the delay till --**

**MATTI SCHMID:** Physio, quick dinner and go to bed.

**Q. What did -- did you feel like into the week about being on the bubble, did you feel a little extra tension this week or did you not really think about kind of the Playoffs?**

**MATTI SCHMID:** I mean, you obviously think about it a little bit, but my goal was to have a really high finish here, like a top-10 or even better, and yeah, that definitely keeps you playing, so that's the goal.

**Q. And the weekend, have you tried to like project at all what you might need at all to make the Playoffs or --**

**MATTI SCHMID:** I have no idea to be honest, it depends on how other guys do I think. No, I focus on myself, trying to have a good weekend and then we'll see.

**Q. What was the kind of the difference this year overall because I know your results the last three years have been a little better, you were like in the 140s into this week, then 125, now you're 70. What's been better in your game this year?**

**MATTI SCHMID:** I think it's just a continuation, some good work with my coach. You also get to know the courses better. Like it's my third season out here now. The courses don't change that much, so obviously the experienced guys have a bigger advantage. But I feel like I'm getting there now. I know the courses, I know my way around and yeah, I hope to improve every season.

**Q. What are you looking forward to the next couple days?**

**MATTI SCHMID:** Hopefully a lot of birdies.
