

**ROUND 2 QUICK QUOTES**  
October 4, 2025

**CAMERON PERCY (-9)**

---

**CAMERON PERCY:** We couldn't tell it was straight into the grain. Like it was grain all the way to like four foot from the hole and you had to hit within four feet and we couldn't tell that.

**Q. What was the challenge of today? Was it a little bit more wind, the pins being a little bit tougher, anything in particular?**

**CAMERON PERCY:** The wind was really -- yesterday the wind was consistent, we knew where it was, today it was everywhere. We thought into, it was down and that sort of stuff. It just was so wet and the ball was pinging with your wedges, I had no control on my shots today, it kept going too far on me. I really struggled. It was lift, clean and place, but then you're putting it back in water more or less. And the ball seemed to ping so I couldn't control my distance good.

**Q. How long was that early eagle putt?**

**CAMERON PERCY:** 15-foot maybe. Hit driver 3-wood to 15-foot so that was nice.

**Q. Last couple days, no hesitation in hitting the 3-wood into these par 5s, and it's not the easiest shot in the world. Have you always been that comfortable with fairway woods?**

**CAMERON PERCY:** Yeah. Right now I've got these TaylorMade Woods that are incredible. I've got a 4-hybrid and a 3-wood and a 7-wood so we get to put it on a tee basically, so not going to go here this week, shouldn't be doing it at all so I've got a couple of hybrids and 3-woods doing really good right now.

**Q. Matt kind of went out of his mind, birdied five of his first six. Thing about this sport, you can't play defense, you can't stop the other guy from making birdie. So are you somebody who can really ignore what's going on in other groups and worry about --**

**CAMERON PERCY:** Yeah, I missed a short putt on 1, had a good chance on 2, and then eagled 3, and then hit a great shot on the par 3 and then someone closed a toilet door right on my backswing and I missed the putt from like 12 feet.

And I had 90 yards from middle of the fairway next hole and I hit it just left and three-putted. Next hole I was a foot in the bunker, hit a 4-iron up there and I thinned it straight in the bunker and I made 6. Goodness gracious. I went from like cruising to oh, now it's not going as well as yesterday. And today I just felt like off the right-to-left wind it was going way

further right to left on me where yesterday I was able to hold it much better. I didn't hit it as close today and I had 25 feet all day it felt like, I just couldn't get it in.

**Q. Tomorrow you're still in the last group.**

**CAMERON PERCY:** Yeah, I played fine. Like 15 I hit a beautiful drive there, the wind's off the right and I pulled the bunker. Like it's been I normally hit a little draw, I actually hit it straight somehow. It hit the face, it was buried in the bunker, I had to lay up. And then we thought it was 130 was my 50-degreeer and I hit it 10 yards over the green because the wind switched straight down as I hit it. Tricky stuff like that. Then I hit a good shot on 16 that was long, 17 I was short, and 18 I just missed the putt. Could have been anything, I only shot 1 under, that's the way it goes.
