

ROUND 1 QUICK QUOTES
9 October 2025

BRIAN CAMPBELL (-4)

Q. Brian, nice playing out there. Can you just assess your round today?

BRIAN CAMPBELL: Just patient. I started on 10 and that's definitely the harder side. I mean, it's blowing 20 to 30 at times. Really just trying to stay in the tournament and save pars when you can, take advantage of the downwind holes, and made some good par saves. I played my front nine really solid and then just caught fire on my last four holes basically. It was just a solid round that turned into really good at the end.

Q. And speaking of your final four holes, I'm looking at your scorecard right now, can you just talk us through that and how you were feeling coming in, what was clicking?

BRIAN CAMPBELL: Made a good solid birdie on the par 5, was out of position so just laid up. Par 3, kind of just two-putt par. And then on 8 I was about 83 yards out and actually thought I chunked it but it was straight at the pin and ended up going in the hole, so just one of those days. And then played the last hole great, just a good 3-wood off the tee and made a really nice par putt there.

Q. And speaking of good playing, it just seems like this course is fitting your game, so what about this course are you enjoying?

BRIAN CAMPBELL: I think it takes me back to it's the grass type I really like, Zoysia, some kikuyu, mostly Zoysia, bentgrass greens. Takes me back to college days. I just love playing on that stuff. Yeah, just really had to battle the wind today.

Q. And then you mentioned first time, first trip to Japan. Any thoughts on what it's like to be here, crowds, vibes?

BRIAN CAMPBELL: Oh, it's awesome. The crowds and the spectators are just some of the best in the world. They truly love golf, they love supporting, they're always there to cheer you on when you make a good save or anything. It's been awesome and I can't wait to explore a little more.

Q. Any plans for post event to hang out?

BRIAN CAMPBELL: Definitely. We're staying another day and a half after the tournament. We'll get around and see the town.
