

**ROUND 1 QUICK QUOTES**  
**9 October 2025**

**ADAM SCOTT (-3)**

---

**Q. Adam, solid round today. Can you just talk us through how it was out there?**

**ADAM SCOTT:** Yeah, it was tough. I got off to like a great start, hit a few shots in close the first few holes and then just started grinding from there. I did hit a few other good shots but I actually missed those putts. I'm not going to say it should be a couple better, I'm pretty happy with that score in this condition.

**Q. New golf course this year and tee times moved up due to the weather. Did that change how you played anything today? How were the conditions out there?**

**ADAM SCOTT:** I think it made us think a lot out there. We didn't practice out here with 25-mile-an-hour, 30-mile-an-hour wind, so there were a couple of holes, certainly the dogleg holes all of a sudden require some thought off the tee as to what you're going to hit.

And a few of the shots into the greens you had to get creative with, too. You just couldn't float your wedges up into the air into that kind of strong wind. The course held up well and I think it was a good test today.

**Q. What's the game plan for tomorrow? Are you going to change anything or keep it the same?**

**ADAM SCOTT:** Well, I actually think the wind kind of helps me so I don't mind if it blows a little bit tomorrow. Maybe not this hard, but I'd like to see some wind the rest of the week, I think it kind of levels it all out a bit in my favor.
