

ROUND 4 QUICK QUOTES
12 October 2025

COLLIN MORIKAWA (-10)

Q. Collin, really solid round today, 8-under 63. Can you just talk through how you're feeling?

COLLIN MORIKAWA: Yeah, mixed emotions. I mean, obviously I'm very happy with 8 under. I think the way my game's been kind of trending, I probably would have signed for a 4 under, but got off to a nice roll and putted very nicely. But look, this is my last tournament for the season and got a lot of work to do. It's not really the way I wanted the year to end. I can look at the positives, but for right now I know what I need to fix and kind of tune up if I want to be the player that I know I can be.

Q. You said last event of the year. What are some of the things that you want to work on in the offseason and what's your biggest takeaway from this week?

COLLIN MORIKAWA: Yeah. I mean, two things, I think we talked about it in the presser at the beginning of the week. One's the putting, to really just kind of stick with one putter and just feel confident. Today I felt great. I felt like if I put myself on the greens I felt like I could make any putt. I need to get that feeling a little more often during the season.

And two's just kind of getting the body right to where I know I can hit my cuts. I know I played well today, but I think we're good enough to where we can in a way fake it around golf courses. But I don't want to do that, I want to have full control. When I watch some of these top guys and how they're playing right now, it's motivating for me to put in the work. It's going to be a fun couple months heading into next year.

Q. William Mouw was also shooting pretty low in the same group. Were you guys feeding off each other out there?

COLLIN MORIKAWA: Yeah, yeah, it's nice when you have a playing partner that's playing well and they're hitting great shots, you're hitting great shots, you're seeing putts go in. It's never a perfect equation to say you're going to play great because of that, but when you are playing great, it helps the momentum especially as you continue that into the back nine. Sometimes it's hard if you get off to a great start through nine to keep that rolling so it's nice to have someone to keep that going into the -- through 18.
