

**East Lake Cup Women – Match Play**  
**October 28, 2025**

**SOPHIE HAN**  
**Oregon**

---

**Q. I'm here with Sophie Han. Sophie, today was the first day of match play for the East Lake tournament. Can you walk me through your mindset going into today?**

**SOPHIE HAN:** Yeah, I was first time playing East Lake, first time being this kind of prestigious event so this was pretty special for first few holes. When I walk out to the tee box, I was like, OK, this is first match, I better play well today. So yeah, it was pretty good. It was really good learning experience for me, pressure and all the condition out there. It was pretty chilly and greens are firm. I'm pretty proud of myself for being able to fight through the stretch.

**Q. How do you deal with momentum shifts in match play today?**

**SOPHIE HAN:** Well, I mean, the most important thing for me is just stick to my game plan. No matter what she did on the course, I just wanted to play my own game and one shot at a time. I really didn't care about what she does, I just want to do my best.

**Q. You've been very consistent this fall. How are you going to build on this going into the spring season?**

**SOPHIE HAN:** I just wish my spring season could be a little bit better than my fall honestly because I don't think this performance, the performance I have in the fall is the best of me. So I wish I can learn from all the experiences and take it into spring season, probably win a few tournaments hopefully.
