COACH DUDLEY HART
Florida

Q. I'm here with Coach Dudley Hart. What does this win mean for your program and the players who competed this week?

COACH DUDLEY HART: It means a lot. Obviously we've got a field -- it's a small field but some great teams that have a lot of accomplishments. Especially winning today, weather being as tough as it was. We've been preaching team toughness and battling through things when things get hard and I think that's what great teams do and we proved that today.

Q. What stood out most to you about your team's performance?

COACH DUDLEY HART: I would just think sticking to the plan pretty much. We had a good game plan to play this golf course, although today it had to be thrown out the window it played so different with it being cold, windy and rainy. The golf course played a lot longer. They played to the right spots, didn't get the ball in the wrong position very often and we were fortunate to come out with a win.

Q. And how do you think this experience will help your players moving forward heading into the spring?

COACH DUDLEY HART: Oh, it's invaluable. We don't -- fortunately and unfortunately maybe, we don't get to play in weather like this very often, but to have that experience and know that you can tough it out and stay patient and do some good things is invaluable.
