Q. Not as nice this year at the East Lake Cup as last year, but you guys come out with the victory this time, so how does that feel?

SUVICHAYA VINIJCHAITHAM: This one was special because, well, obviously we have a new whole squad and this is going to be like our last (indiscernible) from this fall and it's so special because it's (inaudible).

Q. How does this serve as a springboard for the spring season?

SUVICHAYA VINIJCHAITHAM: Spring season, well, I'm looking forward that we're going to win a lot, and I hope I can win too as an individual and as a team, and I hope our team can just keep working hard and keep this thing going.

Q. You're pretty familiar with some of the teams here. What's it like playing against those guys so frequently?

SUVICHAYA VINIJCHAITHAM: I mean, most of them are my friends. We play together seems like last year, and me and like (inaudible) already played at National last year and we lost and this year we won, it's such a great feeling.

Q. How did you prepare for these conditions to come out here and get an individual win and a team win?

SUVICHAYA VINIJCHAITHAM: I mean, this weather, it's like Oregon weather so I kind of like get used to it. I feel like my team get used to that, too. We kind of like chilling out there.

Q. Last question: When did you guys decide to douse your coach with water after the victory?

SUVICHAYA VINIJCHAITHAM: Just like five minutes ago.
