**Q. (No microphone.)**

**EMILIO GONZALEZ:** Yeah, it's a pretty good pin they tucked in the corner of the green. You've got to hit some pretty good shots to get it in there close, which I did not make the smartest choice there. I was coming from making a couple really silly bogeys and it's one of those pins where you shouldn't probably try to get it close in there because there's too much trouble around it. Honestly, if you just make a 4 out there, you're definitely stealing a little bit in the field.

**Q. (No microphone.)**

**EMILIO GONZALEZ:** No. I mean, I think it's just one of those like any golf course that just has a stretch that's just tough and that's just one of them out here. Yeah, it is what it is.
