

**ROUND 1 QUICK QUOTES**  
**November 20, 2025**

**MATT WALLACE ( -3)**

**Q. How would you kind of characterize the round today?**

**MATT WALLACE:** Good. I just gone through at the end there, probably put four bad swings on shots there. Got away with a couple off the tee that I had shots to the green that I was able to play. I hit one really bad one that went in the water left on 15. Bounced back really well today and played some decent stuff, really good stuff in amongst the four bad swings. I mean, if I had four bad swings every round of my life, as long as those four bad swings are in play, I'll be really, really happy so I've got to take the positives from that.

**Q. When you see weather like this and you know it's going to be like this kind of all week, does it put you kind of on the offensive where you know you've got to make birdies or do you let the round come to you?**

**MATT WALLACE:** Yeah, I think so. You can't just go out there and go I'm going to shoot low or I have to shoot low today. You have to wait for it, you've got to be patient. You've got to execute good shots because the pin positions aren't easy still and the greens are fast and there's grain, changing grain where the holes are, so you've got to be careful. But we've got Plantation tomorrow and hopefully have a bunch of looks on that golf course.

**Q. Do you pay attention to the points and everything this week, where you are and everything with the top-100 or do you kind of just play golf and let it be?**

**MATT WALLACE:** Well, I have to just play golf, but of course I know where I am. I wish I had played a few less tournaments in Europe which would have maybe put me in a different position right now. But I love playing in Europe as well, so that's just something that my team and I can sit down and look at next year and maybe just plan a little bit stronger to the PGA TOUR. It's been like that for a few years now where I've gone back and I've played a few events that I really like and played well over there, but you can't give guys over here a six or seven tournament start. That's why I'm in the position I am. I feel like I'm a top-100 player on this PGA TOUR so I've just got to go and show that this week and get myself back in.

**Q. Do you feel like your game's in maybe some of the better form it's been in in the fall?**

**MATT WALLACE:** No, no. My game's not that good.

**Q. Not that good?**

**MATT WALLACE:** No. But I'm showing some signs I can hit some good shots. My game's

not -- my game isn't in a place where I want it to be. I haven't swung the club great, I haven't putted very well. Short game's been pretty sharp. But I hit a 2-iron absolutely perfect into a par 5 today that had no miss to it, so if I can do that, I can pull off any shot. I just need to remember those shots and carry on and keep working hard.
