

ROUND 2 QUICK QUOTES
December 5, 2025

WYNDHAM CLARK

Q. Wyndham, how would you kind of compare and contrast how you played today versus yesterday?

WYNDHAM CLARK: Yeah, pretty good. I really haven't putted great. I've hit a lot of good shots, so I feel like if we putted good, we'd be probably leading this thing. But it was playing tough out there. There were tougher pins and it was blowing a little bit more on the front, so I'm really pleased.

Q. We talked a lot about kind of some of the swing tweaks you were making yesterday. In terms of where you're at with it, does it feel ingrained or do you feel like you're still kind of reminding yourself of --

WYNDHAM CLARK: Definitely still reminding myself, it's still a conscious thought. It's not a bad place to be because you're really conscious of it, but yeah, we're probably a few weeks or months away from when you don't have to think about it and you can just really play.

Q. Is that something you can handle like actively thinking about the swing while you're out on the golf course playing competitive rounds or are you doing that at this point or do you kind of trust the prep?

WYNDHAM CLARK: Yeah, like right now I just have one swing thought when I play. Like when I'm on the range I'm thinking of a couple things that I want to do and then while I'm playing I'm just thinking about the heel leading the toe coming in so I have an open face. It's just one simple thought and that's what I'm going with.

Q. Looking back on this past season, if you could give it a letter grade, what would it be and why?

WYNDHAM CLARK: An F that became an F-plus. It just was a bad year. A lot of crap happened and then I kind of salvaged it at the end. But the good thing is we've got next year and we're almost done. So yeah, I'm looking forward to next year.
