

ROUND 4 QUICK QUOTES
February 1, 2026

BROOKS KOEPKA (-4)

Q. It's been a week for you, but let's start with your putting. Colt Knost reporting that you went to the Scottie Cameron studio for about four hours last night. Statistically speaking, there's been a huge improvement. How do you feel and what did you work on?

BROOKS KOEPKA: Yeah, there was a few hours I was there. I don't know if it was four, I don't know what it was, but we were there for a little bit.

Yeah, just worked on setup, kind of what I thought it might be. It wasn't great today. I think I kind of overdid it. A little bit of -- a few more hours of practice. It will be nice, next week greens are pretty good so get out there Monday, Tuesday, Wednesday and grind it out.

Q. You were losing almost five and a half strokes on the field yesterday in strokes gained putting, you pretty much broke even today. So there was certainly an improvement. I was talking to your caddie, Ricky, earlier in the week, and he said it's funny, when you walk out to Torrey Pines it feels like almost nothing's changed, and then you realize so many things have happened, the players have gotten younger, scores are lower. When you walk away this week, what are going to be the things to you that feel like coming home and what are the things that have felt like the biggest change?

BROOKS KOEPKA: Yeah, obviously the biggest change is I feel like I probably don't know about half the guys. The last four years has been a good bit of turnover. Yeah, that's the one thing I've taken away. Half the guys I do know, the other half I don't. It will be a fun year just getting to know everybody, and excited.

Q. Next week you head to a place that you know a lot about, you've found a lot of success. What are you looking forward to?

BROOKS KOEPKA: Yeah, it will be good. I enjoy next week. I love the chaos, I think it's fun. Yeah, it's been, what, four years since I've been back so I'm excited to get back out there to a place I'm familiar with, comfortable with and a place I love.
