

ROUND 4 QUICK QUOTES

February 15, 2026

MIN WOO LEE (-21)

Q. Good final round push and a chance at a playoff. What are your thoughts on the week?

MIN WOO LEE: Yeah, great week. Obviously just shy of making the playoff but I gave it my all. I think I'm very proud of the way I handled myself today and end of the week. Played a lot of good golf, which is nice, and been trending So it's been good and hopefully we can keep the form going.

Q. Top result in these Signature Events. Is that kind of a nice step for you as you try to continue to be more consistent?

MIN WOO LEE: Yeah. Hopefully I can -- I don't know what that result gets me in, but hopefully I can make it into other Signature Events. Fell short just by a little bit last year not making the top-50. But when we get these opportunities we try to play our best and I'm glad I did.

Yeah, I mean, last year was pretty painful with the Signature Events so I'm glad I got off to a good start.

Q. What was the key to kind of staying in the hunt today and give yourself a chance?

MIN WOO LEE: Just not getting ahead of myself. It's so cliché, but I think my abilities got me past that little hump. There's times when you think a little bit too ahead and result oriented a little bit. Don't focus on the process. I think I did a good job of that today. Just executed, which is great. There's a couple shots there that were very tricky and I did my best. Very happy.

Q. I think new driver and putter in the bag this week?

MIN WOO LEE: Yeah.

Q. Can you kind of take me through why you wanted to switch and how you thought you did with both clubs?

MIN WOO LEE: Yeah, new driver. It was a new Quantum so I needed -- not needed, but I wanted to get into the new Callaway driver. I've heard a lot of great things about it. Did a couple range sessions very quickly but didn't make the cut just because I drive it pretty good normally with the previous driver. I thought it was a good time after last week at Waste. Didn't drive it that well, especially when I was somewhat in contention. Just wanted to feel a little bit more of the club when I was swinging. It was a little bit whippy for me I guess with the swing speed that I have. A lot of it was playing with Chris Gotterup. He won last week and he just had the ball on a string with low spin with similar speeds, I guess. Yeah, just wanted to try it out and yeah, worked out this week.

And the putter, it's a new one. It's unreleased. I don't know if Callaway would honestly want me to say anything about it. It is a very good putter, I really liked it. I feel like even the putts that I didn't hit perfect, they somewhat got close and that's what I was trying to strive for. Yeah, it's a good step. They're both going to be in the bag for a while.

Q. What did the day feel like today? Did it feel like there's like 10 guys who can win this?

MIN WOO LEE: Yeah. Again, it was so easy to just look at the leaderboard and anyone could have -- anyone could have won. Obviously Akshay had a couple-shot lead and he's playing great golf. Yeah, there's 10 guys that could have won. Just had to do my best. Yeah, it was a stacked field, which is great to see.
