

**ROUND 2 QUICK QUOTE**  
**March 6, 2026**

**RAFA CAMPOS (-4)**

---

**Q. Rafa, A you had your daughter out here to support you yesterday, today you had Rafa Jr. waiting for you when you finished 18. Just talk about how special it is to have your family here.**

**RAFA CAMPOS:** Yeah, that's pretty special obviously. It's the first time my son comes out in a multitude of people, so a little nervous, I won't lie. Like stay away from him, don't get him sick.

No, obviously extremely emotional because means the world to me. Obviously I play for them, I work for them. It's awesome to see my mom, dad, wife, daughter, son, my brothers, cousins, friends coming out to support. And yeah, honestly, extremely happy to have them around.

I feel bad because out there I know a lot of people were really rooting for me, but I kind of kept my head down, didn't really acknowledge the people around. But I was working, I won't lie. I still focused. Really happy to be here, for sure.

**Q. Four under overall, so you'll be playing the weekend. How would you assess the round today?**

**RAFA CAMPOS:** Honestly, I'm not happy with the round today. It felt a little inconsistent. Never really gave myself the looks that I wanted. I was very protective today. Gave myself a couple good opportunities, didn't make the putts, but at the same time I was really happy with the way like we knew that we were out of position on most of the holes so we were playing it really safe.

It's not like I'm like, oh, I'm going to have a lot of good looks. No, we were honestly playing it very safe, a lot of 30-, 40-footers and it's not often you get to make those.

Overall, really happy with the finish considering I was out of position. Four under, there's still a lot of room for improvement. I believe we're 10, 11 shots back. Anything can happen here, honestly. A couple really good low rounds can really get us back. Hopefully tomorrow I'll probably be a little bit more aggressive.

It's ironic how yesterday I struggled with right-to-left winds and today it was completely the opposite. Going to go back again to the range and try to figure out how to narrow those two things down.
