

ROUND 4 QUICK QUOTES
April 5, 2026

MICHAEL KIM (-16)

Q. Great week, 16 under. Can you just talk about what was working for you, especially over the weekend?

MICHAEL KIM: Yeah, I kind of got on a run starting on Friday afternoon there. Was able to keep it going for spurts when I was -- when it was going well, it was going great. Lost my swing for a few holes there in the middle of the round today. I was kind of able to figure stuff out, and happy with the way I played.

Q. How did the course hold up today? How was the challenge, especially with all the rain that it got?

MICHAEL KIM: Yeah, I thought the course drained a lot better than I would have expected. Playing lift, clean and place, so it wasn't too bad.

Q. (Inaudible) I think it was around the end of the second round with six straight holes. Do you feel like you can carry that over week to week now?

MICHAEL KIM: I hope so. I hope I can carry that next week and the week after. Still want to work on a couple different things on my swing next week. It's the Masters, so looking forward to it.
