

ROUND 3 QUICK QUOTES
10 October 2026

JACOB BRIDGEMAN (-13)

Q. Jacob, a little bit of a rollercoaster of a round. What did you take away that went well and what are you looking to improve on tomorrow?

JACOB BRIDGEMAN: Yeah, I'm kind of pleased that I shot 2 under, I feel like I didn't play very good today. From the start I kind of had some issues with some speed on putts and had a lot of longer comebacks, so that will be kind of a point of emphasis tomorrow trying to be a little more conservative and focus on my speed on some of those putts. But drove it fine, hit my irons OK, and I just hope to be a little bit sharper. I felt like it was just kind of a little bit of an off day for me.

Q. And mentally, are you able to kind of push that off going into tomorrow? You're still in great position giving yourself a chance to win.

JACOB BRIDGEMAN: Yeah, I feel very comfortable. Even though I wasn't hitting it great, I didn't feel like I was nervous or feel the pressure at all. I feel like I just managed it the way I normally do. Yeah, I think it's pretty easy for me to brush it off. I expect to play better tomorrow, I expect to hit it better tomorrow and be a little more focused in my warm up tomorrow. Maybe hit a couple extra shots just to prep for it, nothing crazy.

Q. Physically preparing for tomorrow, this course is a lot to walk. Any plans for tonight, physio, take it easy?

JACOB BRIDGEMAN: Yeah, it's tough on the feet, tough on the lower legs and knees. Yeah, we'll do some physio on that trying to recover a little bit. We've been doing a lot of walking around town. I think we might take it easy tonight, try and rest a little bit and do that later in the week. Yeah, I don't think it's going to be anything really different. I've been in this situation before and I feel pretty comfortable doing it.

Q. I have a couple President Cups questions for you if you don't mind. Was there anybody that you got closer with on the team or that you learned anything from that week in Chicago?

JACOB BRIDGEMAN: Yeah, a lot of guys. I felt like I was friends with a lot of guys before, but just that week you spend pretty much every minute together other than sleeping, able to develop some relationships even further.

Yeah, I was really close with Chris and Russ and Sam and Scottie before, but I feel like everyone now, I had some really good conversations with J.T., Wyndham, Collin, Cam. It was just a really cool week going out in the practice rounds. And we had some different

groups and able to kind of compare what we do differently, how we approach different holes. I think one of the neatest things was before the rounds, we would go over the yardage book in the locker room. Guys would just kind of come over and chime in and add some thoughts, what they thought and how to approach the holes. It was pretty cool.

Q. Did getting selected do anything for your confidence? Did it give you a boost and if so, how so?

JACOB BRIDGEMAN: Yeah, definitely. I think anytime you hear that people believe in you and you've got some pretty -- captains with a pretty good golf legacy that have done some amazing things in the sport that they tell you "I believe in you, I want you on this team," that's a huge boost. Really makes me feel like I've accomplished something pretty significant this year. Yeah, it was just great to hear.
