SEAMUS POWER (-16, lost playoff)

Q. Seamus, I know that wasn't the result that you wanted but what a crazy week at a place I know you love so much as a former champion of this event.

SEAMUS POWER: Yeah, absolutely love coming here, it's amazing. Obviously the weather was kind of unfortunate yesterday. Had a chance this morning, wasn't able to do it, which is disappointing, but overall great week, can't complain too much. Hit some good shots in the playoff, just didn't quite judge the wind right, but that's golf sometimes. I'll move onwards. Yeah, a lot of positives from the week.

Q. And you're moving up the list as far as FedExCup points are concerned. What does this week do for you as you look forward in the fall here?

SEAMUS POWER: Well, it gets me back to like full status again, which was frustrating this year playing -- not really knowing when you're in, when you're not in. That's nice. That was a big goal for the fall was to get a top-100 locked up. Now I'll have a look at the list and see if I can maybe move into that top-60 or 70, whatever that cutoff is for the first couple elevated events. But really big strides for me forward like in the fall, three events, two top-10s, almost winning here, so a lot of good stuff.
