VIDANTAWORLD
MEXICO OPEN

WYNDHAM CLARK

MODERATOR: We are joined by Wyndham Clark here at the 2026 VidantaWorld Mexico Open.

Wyndham, highest ranked player in the world this week, No. 5 in the OWGR, six wins total, three this season, heck of a year. What are you looking forward to this week and what are you trying to accomplish?

WYNDHAM CLARK: Yeah, it's been a nice year. You know, this is kind of our offseason for guys that finished top-50, but I love Mexico. Was able to come down with my brother, who's caddying for me. He came down with his fiancée, I'm here with my girlfriend and we're just enjoying Mexico.

Anytime I tee it up I'm trying to play my best. So I would love for my brother with his wedding coming up a great week so I can give him a nice check to help pay for the wedding and honeymoon.

MODERATOR: You mentioned your brother caddying this week. When did you make that decision? What were you guys looking forward to?

WYNDHAM CLARK: Yeah, so Big Wave, Big Wave Dave is at a wedding in Italy and he asked, gosh, maybe like three, four months ago if I was going to play during this week. Initially I said I don't know if I'm going to play, then when we decided to. He was like, if you want me to not go -- it's one of his best friends so I was like no, go and enjoy that.

Then my brother jumped on it and he said, I'm caddying for you, otherwise you're not coming to the wedding. Of course I wanted my brother, too. It's kind of fun for us. He lives in Kansas City, I live in Arizona. We see each other good amount but not as much as we would like, so this will be a fun, special week.

MODERATOR: You mentioned the fall. A lot of guys take some time off. Why are you deciding to play so much? You had Presidents Cup, Baycurrent and now this week.

WYNDHAM CLARK: Yeah, everyone's asking me why I'm playing so much. I kind of like it keeps you sharp, doing some club testing. You know, the destinations that I'm playing at are pretty amazing. Playing -- played in Japan, playing here in Mexico and then going to South Africa. They're all beautiful, amazing destinations. You use it as a work week, but also a little bit of a vacation.

MODERATOR: What are some of the experiences this week you're looking forward to do at

VidantaWorld?

WYNDHAM CLARK: Yeah, last night, Robbie Williams, that was a really cool concert. Then they have Cirque du Soleil here, which will be a fun show. And then obviously the food in Vidanta itself is spectacular. This place, I refer to it almost as Jurassic Park. It's this amazing hotel, theme park, golf course, resort. It's fantastic.

So just some nice R&R, some golf and hanging with family.

MODERATOR: This is your third time playing in this event. They did a little rerouting on the course. You just got off the pro-am. What are your takeaways from the course so far?

WYNDHAM CLARK: Yeah, I actually really like the changes. I played this maybe three, four, maybe five years ago, I forget. I really like the changes. Finishing on what used to be hole 1, they lengthened the hole, now it's a really tough finishing hole. And you've got 9 and 18 finishing together, which is nice. And 17 and 4 are the new holes and they both I think have a lot of character, nice green complexes.

I think the change will be better for us, it will be better for TV and the fans.

MODERATOR: I guess plans, you mentioned your brother's wedding. What are your plans for the rest of the fall and spring?

WYNDHAM CLARK: I have the Skins Game, which will be a lot of from. South Africa, playing over there. Outside of that, I'll be in Arizona hanging with friends. I actually go to Mexico for about three, four weeks. So I'll be enjoying life, hanging out with friends, kind of getting back to normal routines and not traveling hopefully as much.

Q. Just this experience of VidantaWorld and kind of staying on property, making your way around to different spots, can you just talk about how this tournament continues to grow each year, just different experiences you're allowed to have other than just the golf course, the tournament?

WYNDHAM CLARK: Yeah, this is the biggest resort I've ever been to and it's amazing. You have, gosh, I don't even know, I feel like seven, eight buildings, 2,000-plus rooms, each hotel kind of different. We're staying in the Resident Estates and this may be the nicest, you couldn't even call it a room it's so big and beautiful, but it's one of the nicest hotel rooms I've ever been in.

The beach is fantastic. Obviously you have two golf courses, tons of restaurants, you have entertainment. I mean, this place pretty much has everything. It's a really fun -- you know, I have my girlfriend and my brother's fiancée here. They're living it up, they're going to the spa, they're enjoying themselves while he and I are working, then we get to enjoy it afterwards. It's an amazing place.

Q. Wyndham, how important is it for players to be worldwide all around the golf courses around the world, especially here in Latin America?

WYNDHAM CLARK: Yeah, I think the PGA Tour is, what, 90-some percent in the U.S. and I think it's great that we play internationally. A lot of sports are international and they're even -- you see sports like the NFL branching out, NBA branches out. I think it's great.

I would love if we had more events international. I like playing over in Europe, I love playing in Latin America. There's so many good golf courses here. I know the fans enjoy golf.

I've been coming to Mexico for, gosh, 15 years as a family so I really enjoy this culture, the food and have played tons of good golf courses. Hopefully we continue to come here and even expand the amount of times we come down here.

MODERATOR: Thanks, Wyndham. Good luck this week.

WYNDHAM CLARK: Thanks, guys.
