ALVARO ORTIZ (-9)

Q. Alvaro, you had six birdies yesterday, you had six birdies today, but you had to fight after that, double on 18. Take us through your day.

ALVARO ORTIZ: Yeah, I feel like I played very similar to yesterday, great golf from start to end. I had a bit of a hiccup there on 18. I didn't think I made that bad of a swing, honestly I thought it was a good swing. I just, I don't think I planned it correctly. Maybe I was a little too greedy with the yardage. Ended up in the water and didn't get up and down for bogey.

So I think from there was -- I played great golf to be honest. I gave myself a bunch of looks, made a couple of them, and overall just feel very good. I know I have to sharpen a couple of things for the weekend, but I'm excited for the position I'm in.

Q. You're in good position. You've been in that position before. Your thoughts heading into the weekend?

ALVARO ORTIZ: You know, halfway there. Still 36 holes to go, still a long way, but definitely I feel like I'm doing the right stuff. My game feels good. All the areas are sharp and I'm just excited for this weekend.

Q. Tell us about having your family around supporting you, your girlfriend, your parents. Who's here and how much are you enjoying sharing this with them?

ALVARO ORTIZ: I have a whole entourage this week, it's awesome. I have my parents, my middle brother, my girlfriend, my girlfriend's parents, a bunch of friends from Guadalajara, a couple from Léon. So always good to see my friends and to play in front of them and my loved ones is always awesome. I really can feel their support and I'm very grateful that they're here with me.
