ROUND 4 QUICK QUOTES
November 1, 2026

VIDANTAWORLD
MEXICO OPEN

ANDREW NOVAK (-25)

Q. Andrew, if Friday was about domination and Saturday as well, today seemed to be about fight and grit as much as anything. What did it take to get this done today?

ANDREW NOVAK: Yeah, I played really well on the front but I didn't get much out of it. The putter was kind of a little off.

And made a mess of 3 kind of there in the bunker, which was a birdie opportunity. I didn't separate much, but I still had a lead.

And 10 was a mistake. Just, I don't know, got lackadaisical there, three terrible shots in a row. But recovered, made three birdies in a row -- what, 12, 13, 14. That kind of really settled everything.

Just happy with how I played today. I thought I grinded out pretty well.

Q. Considering how the year had gone for you previously, how satisfying is it to win for the first time as an individual to build that bridge to 2028 and the Championship Series?

ANDREW NOVAK: Yeah, Ben's over there somewhere, I'm going to be chirping him after this.

But it is nice to get one, yeah. Obviously I loved the Zurich and everything about that tournament, that's so fun, but it is nice to have one by myself, too. This is one I've been working for for a while. Obviously not a great season for how I wanted it to go, but this is a nice way to kind of finish.

Q. For those who have never been in the position, what's the challenge of playing with such a huge lead?

ANDREW NOVAK: Well, I haven't been in that position.

I think I was really just trying to play a shot in front of me. Like obviously there was good players behind me, I know that they're going to be making a run, but if I hit good tee shots, hit good second shots and good putts, I'm going to put myself in a good position. Keep the pressure on, don't show any weakness.

Q. Pretty significant family birthday to head home for. What should we know?

ANDREW NOVAK: Hey, Laney. My daughter turns 1 this upcoming week so we're going to go and enjoy that one.
