KENSEI HIRATA (-7)

World Wide Technology CHAMPIONSHIP

Q. Kensei, 7 under today, another great opening round. What was working for you out there today?

KENSEI HIRATA: It was just overall pretty good and consistent. Nothing special, but just overall is really solid.

Q. Two weeks in a row where you're starting off, I think 63 last week, so another great start. Is there anything specific in your game that has been working in the fall to kind of help you catch the fire?

KENSEI HIRATA: Overall**,** yeah, just hitting it more solid, the misses small, and then putting it better leads to a better score so far.
